

DEPARTMENTAL EXAMS

Advanced Placement in Mathematics

The School of Mathematics will offer optional GT Exam placement mathematics examinations to incoming freshmen who wish to test out of MATH 1113, MATH 1551 (Differential Calculus), MATH 1552 (Integral Calculus) and/or MATH 1553 (Intro to Linear Algebra).

If a student already has GT credit for MATH 1551 the student does not have to take the optional GT Exam for MATH 1551. Such a student may elect to take the optional GT Exam for MATH 1552.
