

MINOR IN LEADERSHIP STUDIES

The Minor in Leadership Studies has as its primary objective the goal of providing students with an in-depth knowledge of leadership theory, skills, experience, and application through a rigorous program of study that is multi-disciplinary in nature. The minor is comprised of three tracks: Global Engineering, Public Policy and Business, offered through the School of Civil and Environmental Engineering, School of Public Policy and the ILE respectively. Students apply for a specific track, are accepted, and enter the program to begin a prescribed 15 credit hour course of study while satisfying requirements for a bachelor's degree in their major.

Application and course descriptions are available at: <http://leadership.gatech.edu>

Application and course descriptions are available in the Minor Program of Study & Guidelines section of this catalog.

GPA Requirement

In order for a student to be enrolled in this minor, they must have at least thirty credit hours with a cumulative GPA of 2.5 or greater, have applied for admission, and been formally admitted. Each course counting toward the minor must be completed with a grade of **C** or above, with the overall required GPA in the courses counting toward the minor being a 2.75 or better.
