

BACHELOR OF SCIENCE IN MUSIC TECHNOLOGY - GENERAL

The Bachelor of Science in Music Technology teaches students the fundamentals of musicianship and audio technology. Students learn to create new music with technology, develop new technologies for making music, and conduct scientific research that expands our knowledge of how both humans and machines engage with music. Student projects span areas such as robotic musicianship, music informatics, brain music, and computational and cognitive musicology.

Bachelor of Science in Music Technology students will need to consult with the undergraduate advisor to choose a concentration or minor.

Students in the General Concentration follow the rigorous Bachelor of Science in Music Technology curriculum. This standard curriculum lends itself most easily to using the hours of the Breadth Block to pursue a minor in another School on campus – and students might find these two minors to be especially interesting:

Computing and People: Allows students to gain added expertise in computing as it relates to people. The minor requires 15 credit hours of coursework in the College of Computing.

Industrial Design: Allows students to strengthen skills and understanding of creative problem solving as it relates to design. The minor requires 15 credit hours of coursework in the School of Industrial Design.

While Computing and Industrial Design are good fits for this degree, they are not the only minors possible. For example, students could also pursue a minor in Film and Media Studies or Technology and Business for their Breadth Block.

Code	Title	Credit Hours
Wellness Requirement		
APPH 1040	Scientific Foundations of Health	2
	or APPH 10 The Science of Physical Activity and Health	
	or APPH 10 Flourishing: Strategies for Well-being and Resilience	
Core IMPACTS		
Institutional Priority		
CS 1371	Computing for Engineers	3
	or CS 1301 Introduction to Computing	
	or CS 1315 Introduction to Media Computation	
Mathematics and Quantitative Skills		
MATH 1552	Integral Calculus	4
Political Science and U.S. History		
HIST 2111	The United States to 1877	3
	or HIST 2112 The United States since 1877	
	or INTA 1200 American Government in Comparative Perspective	
	or POL 1101 Government of the United States	
	or PUBP 3000 American Constitutional Issues	
Arts, Humanities, and Ethics		
Any HUM		6
Communicating in Writing		

ENGL 1101	English Composition I	3
ENGL 1102	English Composition II	3
Technology, Mathematics, and Sciences		
Any Lab Science	¹	8
MATH 1551	Differential Calculus (Any Lab Science)	2
MATH 1553	Introduction to Linear Algebra	2
Social Sciences		
Any SS		9
Field of Study		
MUSI 2010	Fundamentals of Musicianship I	3
MUSI 2011	Fundamentals of Musicianship II	3
MUSI 2012	Fundamentals of Musicianship III	3
MUSI 2013	Fundamentals of Musicianship IV	3
MUSI 2015	Laptop Orchestra	3
MUSI 2525	Introduction Audio Technology I	3
Major Requirements		
MUSI Ensemble Requirement	¹	
MUSI 2526	Introduction to Audio Technology II	3
MUSI 4630	Music Recording and Mixing	3
MUSI 3770	Project Studio: Technology	4
MUSI 4677	Music Perception and Cognition	3
MUSI Upper Division (4000-level) Elective	³	6
MUSI 4705	Music Technology Capstone I	4
MUSI Additional Electives (any MUSI 4000-level courses or ensemble courses)	¹	5
Non-Major Cluster		
Advisor approved courses	²	15
Free Electives		
Free Electives		16
Total Credit Hours		122

¹ Students are highly encouraged to enroll in PHYS 2211 and PHYS 2212.

² Students are required to satisfy a 4-course music ensemble requirement. Course options include any four from the following list: MUSI 3018 or MUSI 3019 or MUSI 3121 or MUSI 3131 or MUSI 3231 or MUSI 3241 or MUSI 3251 or MUSI 3261 or MUSI 3311 or MUSI 3321 or MUSI 3411 or MUSI 3511 or MUSI 3531 or MUSI 3541 or MUSI 3551 or MUSI 3611. The courses may be used as Core IMPACTS Arts, Humanities, and Ethics (if course has been approved for Humanities credit) and/or free electives.

³ General track students must have Non-Major Cluster courses approved by advisor. If student is completing a minor for this area and minor requires excess of 15 hours, then overage hours may be used towards free electives.

⁴ Music Technology majors can choose one pathway to use VIP participation to fulfill degree requirements.

The VIP Elective Pathway: Students participate in any VIP team to fulfill an upper-division music technology elective and free electives.

- Participating in the same VIP team for five or fewer credits results in that many free-elective credits.
- Participating in the same VIP team for 6 or more credits results in 3 credits that are counted as upper division Music Technology electives and 3 credits that are counted as free electives.
- Any additional credits count as free electives.

- Any VIP team is eligible for this pathway. No approval is required by an academic advisor in music technology.
