

UNDERGRADUATE EMBEDDED CERTIFICATE IN BUSINESS LAW AND ETHICS

The Scheller College of Business offers an undergraduate certificate in Business Law and Ethics. This certificate is only available to BS in Business Administration students.

Legal and ethical considerations create risks for businesses, and these risks must be avoided, minimized or managed. A practical understanding of law and ethics has thus become a critical element in business decision-making and strategy. Businesses cannot rely exclusively on outside counsel or in-house legal staff to manage all risks. Managers need an understanding of the legal and ethical environments in which they operate.
