

UNDERGRADUATE EMBEDDED CERTIFICATE IN CONSTRUCTION MANAGEMENT

Juniors and seniors from any Georgia Tech bachelor's program are eligible for the interdisciplinary, professional Construction Management certificate.

Students in this program are permitted to participate in Building Construction's annual Career Fair and related career and networking events, and increases your potential for internships in building construction-related positions. Students in this program may also apply to the Master of Science in Building Construction and Facility Management degree in the School of Building Construction without a GRE.

For more information and how to apply, [click here](#).
