

UNDERGRADUATE EMBEDDED CERTIFICATE IN PUBLIC POLICY

The School of Public Policy offers an undergraduate embedded certificate in Public Policy.

For more information and how to apply, click [here](#).

Program of Study

Code	Title	Credit Hours
POL 1101	Government of the United States (or, equivalent)	3
12 hours of Public Policy coursework ¹		12

¹ At least 9 hours must be 3000/4000-level

In all cases, students should have their program of study approved by the Public Policy Minor/Certificate supervisor before enrolling in a course they intend to count toward the certificate. A student may seek advance permission from the School of Public Policy to allow 3 hours of upper-division coursework taught outside the School to count toward the completion of the certificate if that coursework is clearly relevant to Public Policy.

Institute and School Guidelines

The minor/certificate degrees follow Institute and School guidelines that include the following:

- No more than 6 semester hours of Special Topics courses may be included in a minor/certificate program. No more than 3 semester hours of Public Policy Internship credit may be applied to the minor or certificate.
- Courses required by name and number and/or used to satisfy Core Areas A through E in a student's major degree program may not be used in satisfying the course requirements for a minor/certificate. Important: if a student is using a PUBP course to fulfill the social science requirement in the student's major, that course cannot be counted toward the Public Policy minor/certificate. However, courses used in a minor/certificate also may be used to fulfill other elective requirements (free electives, technical electives, etc.) in the student's major degree program.
- A course may not be counted toward more than one minor and/or certificate.
- All courses counting toward the minor/certificate must be completed in residence at Georgia Tech, be taken on a letter-grade basis, and completed with an overall grade point average of at least 2.00.
